

ONGOING HABITAT RESTORATION PROJECTS

Join local volunteers at your favorite parks to help restore habitat for native flora and fauna. Projects include planting California natives, trail maintenance and of course, plenty of weed pulling! Contact the listed organizers for details.

Ulistac Natural Area – City of Santa Clara

Volunteers remove invasive species and plant California native trees, shrubs, grasses and wildflowers. First Saturdays and third Sundays. Summer hours 9am – noon, winter hours 10am – 1pm. Check website for current times, sign up forms and details.

ulistac@gmail.com (408)
416-8907 www.ulistac.org

Save the Bay

Wetland restoration: Volunteers plant native seedlings and remove invasive species from key sites along the Bay, and assist in our native plant nurseries. Palo Alto, Oakland, and Hayward.

bayevents@savesfbay.org
or (510) 463-6850.
www.savesfbay.org/volunteering.

San Bruno Mountain Watch

Restore multiple remarkable ecosystems on San Bruno Mountain. Volunteer opportunities multiple days each week. **Stewardship Mountaineers** gather every Saturday from 10am to 1pm to remove invasive vegetation or plant native plants supplied by nursery. Wednesday nursery workdays 10am to 12:30pm Check events page at website for workday details and directions.
www.mountainwatch.org/volunteer.
